

Living Situation: Children & Youth (0-17 yrs.) In Own Home, Foster Care, Other Residence by RSN.

Operational Definition: Percent of child/youth (0-17 yrs) outpatient recipients who had foster care listed as their primary residence at any time during a Fiscal Year by RSN.

Operational Measure: Child/Youth (0-17 yrs) outpatient recipients who were in foster care at any time in a Fiscal Year divided by the total number of child/youth outpatient recipients in that Fiscal Year by RSN.

Formulas:

$$\frac{\text{Number of child/youth (0-17 yrs) outpatient recipients who were in foster care at any time in Fiscal Year by RSN}}{\text{Total number of child/youth (0-17 yrs) outpatient recipients in Fiscal Year by RSN}}$$

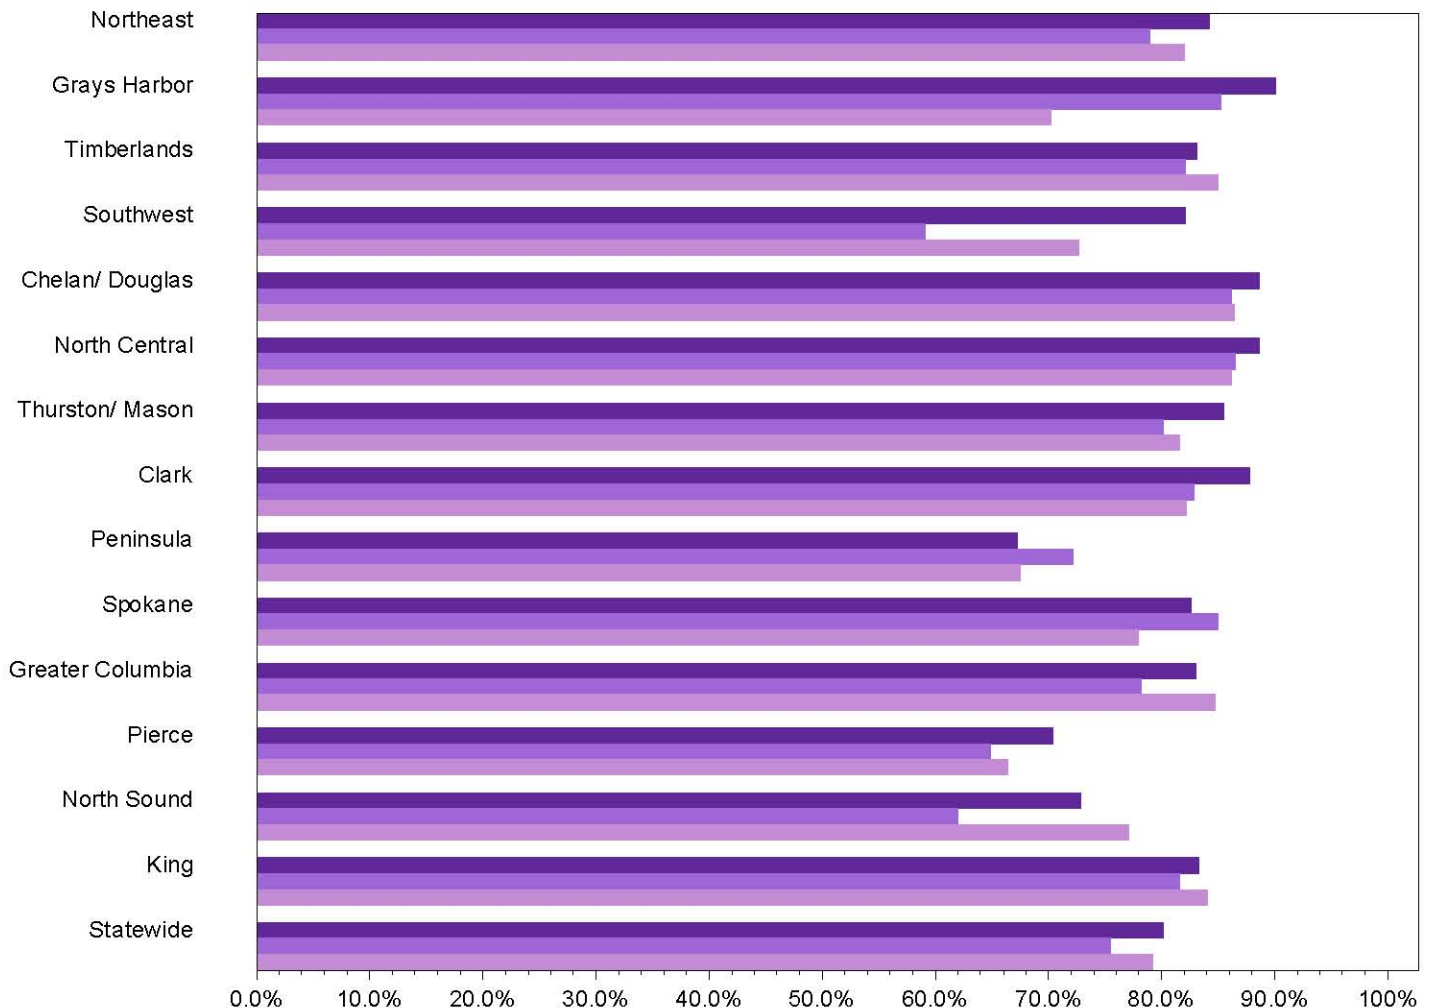

Discussion: This indicator shows the percentage of children/youth who were listed as living in their own home, in Foster care, or in other settings as their primary residence at sometime during the fiscal year. Most youth that received mental health services lived in their own home.

Data Notes:

- Age is calculated as of January 1, for each Fiscal Year.
- Children and youth are defined as less than 18 years of age.
- Living situation is defined by the Living Situation Code found in the January 2002 Data Dictionary.
- Own Home is defined as code 10 (private residence without support), 20 (private residence with support)
- Foster Care is defined as: code 30 (foster care)
- Other Settings are defined as: code 40 (24-hr residential care), 50 (institutional), 60 (jail/juvenile correction facility), 70 (homeless), and 80 (other).
- Living situation categories are not unduplicated. A child could appear in all three categories.
- The count of people receiving outpatient services includes clients who receive any outpatient services whether it was reported as an hour or a day of service
- RSN counts show the number of unduplicated clients within each RSN (i.e. a person is counted once in each RSN where they receive services).
- The State total is unduplicated across all RSNs (i.e. each person is only counted once in the Statewide total even though they can be counted in more than one RSN).
